Redeeming the Arts to the Glory of God

"I would teach children music, physics, and philosophy; but most importantly music, for the patterns in music and all the arts are the keys to learning."

Explore the world of instrumental and vocal music at MVSPA's *Downbeat* Summer Music Camp!

The *Downbeat* Summer Music Camp offers your student a chance to experience music in unique and fun ways, alongside experienced, Christian music educators.

The Music Instrument Petting Zoo, provided by Dunkley Music, allows your student to explore the wide array of band and orchestra instruments, and to understand each instrument's role in the larger ensemble.

Students learn harmony and how to put parts together while singing. They'll use drums and Boomwhackers® to explore rhythm. And they'll have an opportunity to dig deeper into the instrument of their choosing in group lessons for guitar/ukulele, piano or musical theatre.

Family and friends are invited to join all the students on Friday evening at 6:30 for an **end of camp showcase** where the students will put all of their new skills on display!

Making music together, children learn to work as a team while they each contribute to the song in their own way. At the same time, music helps children learn that together they can make something larger than the sum of its parts.
